possibilities of why

the obvious
(the line acuity)
some portions of
the cited line is used;

Part I. translates regular reality to enter
the ownership of at least the
representation of access to at
least what this segment equivalent
of items are in reality and/or this
portion of something

Part II. small a because MI (reduces a, it is presumed) uh check and correct presumptions
if removed action continues somehow
at least at this point
such as a computer game
the entry of advanced militia
won't the A magnify again
and perhaps in a different way
eventually overtaking the together
segment: MI; until MI no
longer were this might
create two chains of possibly some
intersecting ownership and
work two chains of
possib-ling intersecting to
accompanying *music citation: juvenile & lil wayne, bling bling*
[to] overtake
the MI by
advancing, magnifying A again
and don't forget the link to
this if even temporary reality of
a home advertisement.

Sometimes how to pick, tooth: it just appears
and-or it's a relevant current cue: homelessness
and its link to housing.
